

# LOCH ARTHUR COMMUNITY

Based in beautiful Dumfries & Galloway in South West Scotland

## Opportunities to Farm at Loch Arthur

Are you looking for a holistic, ecologically rewarding, mixed farming role where you'll work productively alongside nature?

We have some rare opportunities to join - and lead - the farm team at Loch Arthur Community, near Dumfries. These roles would suit individuals at different stages of their farming career. We would welcome application from individuals, couples or people who would like to work together.

We are a small land-based Community working with adults with learning disabilities. We have two farms - one dairy, one beef and sheep.

There are different ways in which you could join us.....living in as a Community member or living elsewhere in an employed position.

For more information see: [www.locharthur.org.uk/job-applications/current-vacancies/](http://www.locharthur.org.uk/job-applications/current-vacancies/)
